If you are not sure if you have one of these accounts, then please contact Schools' Choice. The site can be accessed under the following link:

<https://portal.suffolk.gov.uk/restricted/schoolschoice/hrforms/>

1. To login, click on the **ADFS** button, under 'sign in with external account':

2. In the next screen, enter your eLearning email address and password, and click **sign in**

3. If this is the first time you have logged in, you will be asked to complete your personal information. Fill in the fields (any with red asterisks are mandatory), and press '**update**':

A blue rectangular button with the white text 'Update'.

4. Once you are logged in you can access the eForms. To do this, click on the following link, or type it in to your address bar:

<https://portal.suffolk.gov.uk/restricted/schoolschoice/hrforms/>

5. Not sure of your login details? Contact **Schools' choice** who will be able to help.

6. Once logged in, you will be directed to the e-forms home page, where you can access all the forms, and view any forms you have saved.

Once logged in, You will be presented with the following options:

Click on one of the buttons to access that particular form. The following sections will explain how to use each of the three types of form, and how to re-open forms you have already created.

How to move between pages

Once you have completed all the relevant fields, you have two options at the bottom of the page to move on – “Save and continue” or “Save without validation”.

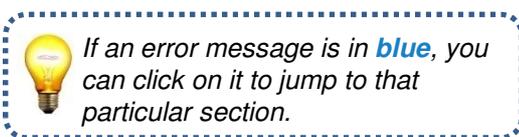

You will find these options at the bottom of each page throughout the form. Pressing **save and continue** will check to make sure you have filled in all the required fields, in the right format. The system then saves your progress, and moves on to the next page.

Clicking **save without validating** will move you on to the next page without checking your entries. You won't be able to submit the form without clicking save and continue on each page. Using save without validating is useful if you want to skip through the form and see what information you need about your new member of staff.

What happens if I've filled some of the fields in wrong?

If you've clicked on **save and continue** and haven't quite filled in all the fields correctly, you'll get error messages telling you what you need to do move on.

The form could not be submitted for the following reasons:

- First Name is a required field.
- Last Name is a required field.
- First Name is a required field.
- Last Name is a required field.
- Date of Birth is a required field.
- National Insurance Number is a required field.
- Address Line 1 is a required field.
- Town is a required field.
- County is a required field.
- Postcode is a required field.

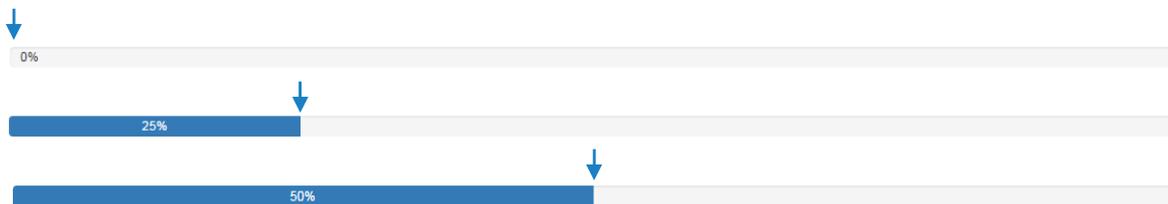

This area of the site allows you to access the new appointment form, which can be used for both teaching and support staff.

It is made up of mandatory and non-mandatory fields, depending on the nature of the information; details such as name and date of birth **must** be filled in, however some fields – such as SEN allowance – are not mandatory as they are not always applicable. A red asterisk next to a heading indicated that particular part of the form is mandatory.  **Job Title ***

1. Click on the 'new appointment form' on the home page to load the form.

2. The first page of the form will now be displayed. Your progress throughout the form is tracked by a progress bar near the top of each screen:

3. The first set of questions can be answered by **clicking** on a radio button, which looks like this:

Position Type *
 Support Teaching

To fill in the correct answer for these types of questions, simply **click on the circle** to the left of the statement you wish to select. If done correctly, the circle will change from light grey, to light grey with a darker centre, as above. Remember that selecting either 'support' or 'teaching' will customise the form to show questions that are only relevant to the category selected – e.g. pay scales, additional payments etc.

When selecting a title, the option 'other' will create a free text field which **must** be filled in.

4. The next set of questions (first name, last name etc.) are free text fields, and look like this:

First Name *

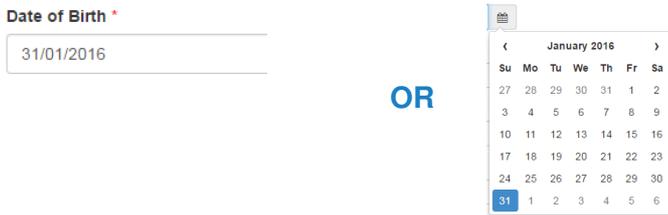

Last Name *

To fill these fields in, simply **click inside the rectangle** with your mouse – the border around it will turn from grey to **blue** to indicate you have selected it, and the cursor inside the box will begin to flash. You can now type in the details as required:

First Name *

Last Name *

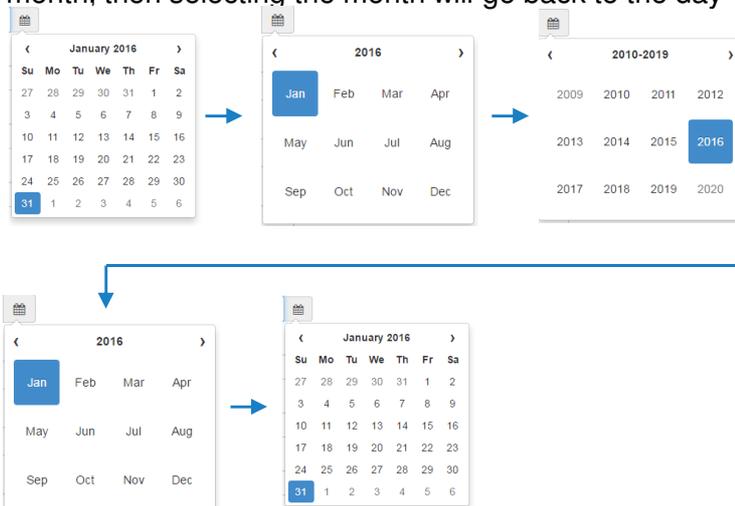

5. Date of birth can be entered either by filling in the free text field (in the format dd/mm/yyyy), or by clicking on the calendar icon and selecting the date. Both options look like this:

OR

You can cycle through the months in the calendar by clicking on the month at the top of the pop-up box, to present a year view. Clicking on the year will then change the view to decades. Selecting the year will then take you back to the month, then selecting the month will go back to the day view.

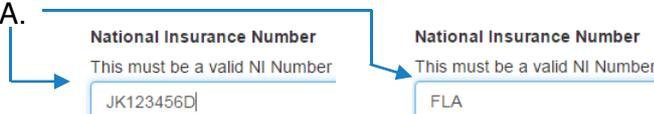

6. The email address field is free text, however must contain a **full email address** – for example, fred.smith@test.com, otherwise an error will be flagged, and you will not be able to proceed.

7. A national insurance number must be entered in to the national insurance number field, in the correct format. Usually, this takes the form of two letters, then six numbers, followed by a final letter (which is usually A, B, C or D). This must be entered with no spaces, and will default to upper case text regardless of what is entered.

The only exception to this is Foreign Language Assistants (FLA's), who have no NI number. In this case, type in FLA.

8. You will now need to fill in the address details for the member of staff. These fields are free text fields, and apart from “Address line 2”, are all mandatory and need to be filled in.
